StoColor Metallic Collection 2011 alapszínek

60 szín (28 új / 32 meglévő)

Az itt közölt színek technikai okokból nem adhatják vissza a fémes jelleget, csak az alapszínek jelzésére szolgálnak. Pontosabb látványt nyújtanak nyomdai előállítású színekártyáink. A végső megjelenés az alapfelület struktúrájától is erősen függ, mintafelület készítése szükséges.
